# SUBJECT INDEX

| | Page |
|---|---|
| Acceptance and innovations | 496 |
| Adriamycin in hepatocellular carcinoma | 264 |
| Amoebiasis in Southeast Asia | 257 |
| Amoebic liver abscess at Cipto-Mangunkusomo Hospital | 259 |
| Amoebia liver abscess, experimental studies | 258 |
| Amoebic liver abscess, management | 258 |
| Amoxycillin inchronic bronchitis | 272 |
| *Ampullarius canaliculatus*, infection with *Angiostronglus cantonensis* | 595 |
| *Angiostronglus cantonensis* infection in *Ampullarius canaliculatus* | 595 |
| Antimalarials, *in vitro* assay | 515 |
| Antirabies virus IgM in serum, CSF of rabid dogs | 550 |
| Aortitis, *Salmonella*, in Bangkok | 28 |
| *Aponomma lucasi*, cannabalism | 147 |
| Artemether in falciparum and vivax malaria | 19 |
| Ascariasis among children in Malaysia | 276 |
| Asiatic schistosomes, biochemical differentiation | 247 |
| Bacterial diarrhoea, recent advances | 627 |
| Blood value changes in flavivirus-inoculated monkeys | 1 |
| *Brugia malayi*, non periodic form in Kalimantan | 148 |
| *B. malayi*, susceptibility in *Mansonia* spp. | 144 |
| *B. pahangi*, susceptibility in *Mansonia* spp. | 144 |
| *Campylobacter jejuni* in children | 53 |
| Cardiotoxic plant, ingestion, mortality | 601 |
| Catalase activity in red cell, liver, *P. berghei* | 48 |
| Ceftriaxone treatment in typhoid fever | 119 |
| Chemotherapy of opisthorchiasis | 253 |
| Chlorpyrifos against *Mansonia uniformis* | 141 |
| Cholangiocarcinoma and *Clonorchis sinensis* infection | 260 |
| Cholangiocarcinoma, liver fluke and diet | 261 |
| Chronic hepatitis B, circumscribed necrosis | 239 |
| Circumsporozoite proteins of *P. falciparum* | 13 |
| Clonorchiasis in Korea | 255 |
| *Clonorchis sinensis*, efficacy of Distocide | 251 |
| *C. sinensis* in *Parafossarulus manchouricus* | 266 |
| Community participation in malaria control | 371 |
| Cost-effectiveness research in malaria control | 393 |
| Counterimmunoelectrophoresis in human cysticercosis | 537 |
| Culture, environment factors in malaria control | 360 |
| Cysticercosis, serodiagnosis | 537 |
| Cytomegalovirus infection, survey in Penang | 168 |
| Decamethrin against *Ma. uniformis* | 141 |
| Delta hepatitis in Malaysia | 229 |
| Dengue haemorrhagic fever, endotoxin | 8 |
| Dengue haemorrhagic fever, hemostatic derangement | 138 |
| DDT against *Mansonia uniformis* | 141 |
| Diarrhoea, *Campylobacter jejuni* in children | 53 |
| Diarrhoea in rural community | 59 |
| Diarrhoea, measles associated in Thailand | 43 |
| *Dirofilaria immitis* survey in Northern Thailand | 146 |
| *Dirofilaria* infection in breast of a woman | 165 |
| Distocide in *Clonorchis sinensis* infection | 251 |
| DNA, hepatitis B virus detection | 240 |
| Doxifluridine in hepatocellular carcinoma | 263 |
| *Echinostoma ilocanum* in the Philippines | 23 |
| Economic perspective on cost of disease | 489 |

| | Page |
|---|---|
| Effect of iron supplementation in blood donors | 177 |
| Endemic typhus survey in Malaysia | 613 |
| Endocarditis, persistent by satellite streptococci | 32 |
| Endotoxin in dengue haemorrhagic fever | 8 |
| *Entamoeba histolytica*, host factors | 278 |
| *Entamoeba histolytica*, sensitivity to antiamoebic drugs | 591 |
| Enteric fever, diagnosing, a reappraisal | 574 |
| Enteric fever, diagnosis | 275 |
| Epidemic pulmonary haemorrhagic fever | 270 |
| Epitope in *Plasmodium falciparum* sporozoites | 13 |
| Falciparum malaria, drug resistance epidemiology | 111 |
| Falciparum malaria, treatment with Artemether | 19 |
| *Fasciolopsis buski*, intestinal absorption studies | 582 |
| Filariasis, attitudes of people in control, treatment | 378 |
| Filariasis control, problems | 479 |
| Filariasis, knowledge, epidemiologic factors | 457 |
| Filariasis, participation in blood examination | 464 |
| Flaviviruses in monkeys, neurovirulence | 604 |
| Flavivirus testing in *Cynomolgus* monkeys | 1 |
| Folic acid in patients with neuro-blastoma | 184 |
| Giardiasis, detection methods in asymptomatics | 96 |
| *Gnathostoma spinigerum*, humoral immune response | 172 |
| HBsAg and anti-$HB_s$ test reagents | 239 |
| HBsAg and anti-$HB_s$ of the population in Jakarta | 240 |
| HBsAg carriers, peritoneoscopic, pathologic fundings | 243 |
| HBV markers, HBV infection, passive-active immunization | 243 |
| Health behavior patterns in malaric clinics | 379 |
| Health behavior, socio-economic research | 470 |
| Hematologial findings in normal newborns | 140 |
| Hemostatic derangement in dengue haemorrhagic fever | 138 |
| Hepatitis A in Malaysia | 201 |
| Hepatitis acute, aetiology in Malaysia | 205 |
| Hepatitis B infection in India | 234 |
| Hepatitis B markers in non-icteric patients | 214 |
| Hepatitis B prevention in Korea | 235 |
| Hepatitis B problem in Thailand | 219 |
| Hepatitis B problem in the Philippines | 75 |
| Hepatitis B vaccine, post marketing surveillance | 245 |
| Hepatitis B virus, molecular genetics | 238 |
| Hepatitis B virus, transmission in Korea | 241 |
| Hepatitis carrier state in blood donors | 280 |
| Hepatitis cases in Severance Hospital, Korea | 236 |
| Hepatitis in Indonesia | 236 |
| Hepatitis necrosis | 239 |
| Hepatocellular and cholangiocellular | 262 |
| Hepatocellular carcinoma in Indonesia | 259 |
| Hepatocellular carcinoma in Thailand | 279 |
| Herper simplex virus, detection by ELISA | 91 |
| Hookworm vaccine, irradiation of *Necator americanus* | 275 |
| Human behavior and malaria | 353 |
| Immunization against HBV infection | 243 |
| Immunization against *Opisthorchis viverrini* infection | 567 |
| Immunization against infectious agents | 278 |
| Infections hepatitis, comparative study | 244 |
| Inosiplex on immune responses to rabies vaccine | 543 |
| Iron deficiency in students, Cholburi, Thailand | 137 |
| Iron status in Thai male blood donors | 177 |
| Isoprinosine in treatment of infectious hepatitis | 245 |

| | Page |
|---|---|
| *In vitro* assay of antimalarials | 515 |
| *In vitro* sensitivity of *Entamoeba histolytica* to anti-amoebic drugs | 591 |
| *In vitro* culture, *W. bancrofti* | 579 |
| Knowledge, attitudes and behaviour in relation to diarrhoea | 59 |
| Leprosy control, evaluation of health education | 437 |
| Leprosy control, human behavioural research | 421 |
| Leprosy, culture-specific health education | 427 |
| Leprosy, knowledge, beliefs, attitudes | 433 |
| Leprosy study, disease activity, symptom duration | 104 |
| *Leptospira interrogans* Korea | 270 |
| Leptospirosis in Jakarta, diagnosis, treatment | 271 |
| Leptospirosis in Thailand | 267 |
| Leptospirosis in the Philippines | 75 |
| Liver cancer, fine needle aspiration | 265 |
| Liver fluke, cholangiocarcinoma, diet | 261 |
| Lymphocyte transformation in leprosy | 104 |
| Lymphoma in children | 135 |
| *Macaca fascicularis*, blood changes in flavivirus testing | 1 |
| Malaria and glucose-6-phosphate dehydrogenase deficiency | 530 |
| Malaria control, need for socioeconomic research | 475 |
| Malaria in Persahabatan Hospital, Jakarta | 277 |
| Malaria in Southeast Asia | 642 |
| Malaria on the Amazon Frontier | 342 |
| Malaria parasite and red cell membrane | 635 |
| Malaria self prevention practices in Thai villages | 432 |
| Malaria surveillance, cost and performance | 406 |
| *Mansonia* spp. susceptibility to *Brugia* sp. | 144 |
| *Mansonia uniformis*, evaluation of DDT, Decamethrin | 141 |
| Markers of hepatitis B virus infection | 209 |
| Mebendazole against taeniasis | 82 |
| Melioidosis in children's Hospital, Bangkok | 101 |
| Molecular genetics of hepatitis B virus | 238 |
| Myocarditis, typhoid in Jakarta | 273 |
| Needle aspiration in liver cancer | 265 |
| Neuroblastoma, folic acid, $B_{12}$ binding proteins | 184 |
| Non-viral infectious diseases of the liver | 277 |
| Oltipraz pharmacokinetics, antis-chistosomal efficacy | 250 |
| Opisthorchiasis, chemotherapy | 253 |
| Opisthorchiasis in Thailand | 254 |
| Opisthorchiasis, lipid, bile acid patterns | 248 |
| *Opisthorchis viverrini*, immunization | 567 |
| Oriental intestinal cholangitis | 262 |
| *Paragonimus siamensis*, route of migration | 587 |
| Parasites not found in the liver | 274 |
| Parasitic infections in Thailand | 620 |
| Pivampicillin in chronic bronchitis | 272 |
| Plasma, biochemical, coagulation properties | 134 |
| *Plasmodium berghei*, catalase activity in red cell | 48 |
| *Plasmodium falciparum*, efficacy of Artemether | 19 |
| *Plasmodium vivax*, treatment with Artemether | 19 |
| Population movement, transmission of malaria | 396 |
| Praziquantel in opisthorchiasis, field trial | 63 |
| Praziquantel in taeniasis in Taiwan | 82 |
| Praziquantel in severe opishorchiasis | 251 |
| Problems in leprosy control | 486 |

| | Page |
|---|---|
| Psycho-social, environmental factors in leprosy | 442 |
| Pulmonary hemorrhagic fever, leptospirosis | 268 |
| Quinghaosu efficacy in falciparum malaria | 19 |
| Rabies vaccine, effect of inosiplex on immune responses | 543 |
| Recombinant leukocyte interferon in hepatocellular carcinoma | 264 |
| Recommendations of seminar on social, ceonomic research | 499 |
| Red cell membrane and malaria parasite | 635 |
| *Rickettsia tsusugamushi*, surface antigen | 151 |
| Risk behaviour to opisthorchiasis | 392 |
| *Salmonella* aortitis in Bangkok | 28 |
| Salmonellosis risk factors in infants | 38 |
| *Schistosoma japonicum* case fatality rate | 67 |
| *Schistosoma japonicum*-like infection in Northern Thailand | 189 |
| *Schistosoma mansoni* in *Biomphalaria straminea* | 265 |
| Schistosomes, encapsulated-egg-deposition pattern | 248 |
| Schistosomiasis, chemotherapy | 250 |
| Schistosomiasis, economic benefits from treatment | 271 |
| Schistosomiasis in Mainland Southeast Asia | 247 |
| Schistosomiasis japonica control in Japan | 253 |
| Schistosomiasis japonica granuloma | 249 |
| Schistosomiasis, social and economic analysis | 413 |
| Scrub, tick, endemic typhus survey | 613 |
| Seroepidemiological survey of malaria | 524 |
| Seroepidemiology of hepatitis A in Malaysia | 201 |
| Seroepidemiology of malaria, Northern Thailand | 125 |
| Serum haptoglobin concentration in hepatitis A | 197 |
| Snails of medical importance in Southeast Asia | 282 |
| Social, behavioural factors in malaria | 386 |
| Social, economic aspects of malaria, Singapore | 346 |
| Social, economic research in tropical diseases | 323 |
| Social scientists in control of tropical diseases | 333 |
| Socio-economic aspects of malaria in Sabah | 370 |
| Sporozoites, *P. falciparum*, common epitope | 13 |
| Taeniasis in Taiwan | 82 |
| Tick survey in Malaysia | 613 |
| Treponematoses, endemic, inter-regional meeting | S1 |
| *Trichomonas vaginalis* in Filipino women | 194 |
| *Trypanosoma gambiense*, bloodstream forms | 156 |
| Typhoid fever treatment with Ceftriaxone | 119 |
| Typhoid myocarditis in Jakarta | 273 |
| Typhus, endemic, suryey in Malaysia | 613 |
| *Vibrio cholerae*, vibriocidal antibody | 558 |
| Viral infections, chemotherapy | 274 |
| *Wuchereria bancrofti in vitro* culture | 579 |
| Yaws-affected populations, disease control | S84 |
| Yaws and other endemic treponematoses | 51 |
| Yaws in India | S35 |
| Yaws in Indonesia | S19 |
| Yaws in Papua New Guinea | S59 |
| Yaws serologic surveillance | S70 |
| Yaws in Solomon Islands | S14 |
| Yaws in Somalia | S66 |
| Yaws in Southeast Asia region | 53 |
| Yaws in Sri Lanka | S42 |
| Yaws in Thailand | S49 |
| Yaws in Western Pacific region | 58 |
| Yaws, research tests ..... | S78 |
